Our Goal for 2024 - Multi-Sensory Therapies

Snoezelen Room

Cosmo's goal is to provide more access to Multi-Sensory therapies for our program participants whether at our main centre or at a satellite location. We appreciate your efforts to help us reach this objective.

Multi-sensory therapy equipment, exemplified by Snoezelen Rooms, significantly enhance the mental health of individuals with intellectual disabilities. These specially crafted environments engage multiple senses, providing a unique platform for non-verbal expression and communication. The serene atmosphere of Snoezelen Rooms alleviates stress and anxiety, promoting emotional well-being. Beyond relaxation, these therapies facilitate sensory integration, improving cognitive functions such as focus and attention. By offering a secure and supportive space for exploration, multi-sensory interventions empower individuals with intellectual disabilities, addressing their distinct sensory needs and profoundly benefiting their mental health.

The Kiwanis Club of Saskatoon is presented with the 2023 Howard Stensrud Spirit of Cosmo Award by Shaun, a Cosmo program participant.

The Award

Nominees for the award are chosen from submissions by the public. The award is intended to promote the vision and spirit of those who founded Cosmopolitan Industries. It is presented in recognition of people who have made a significant difference in the lives of individuals with intellectual and related disabilities.

The award is named in honour of Howard Stensrud. Howie was one of Cosmo's founders and remained intimately involved on our Board of Directors right up to the day of his passing.

Cosmo hopes the award will inspire others to get involved in organizations for the betterment of persons with disabilities.
